

CPD Attendance Confirmation

The structure of CPD's at Yoga Alliance UK means that our RYT200's must complete a minimum of 8 hours of CPD workshops/ retreats per year (these can be from accumulated from different workshops).

We are hoping to encourage all of our members to hold CPD's and then we can advertise these workshops to our RYT 200's to complete. This will do two things, the first is to maintain high standards as we know that anyone running a CPD course has been properly trained in yoga and the second reason is that it allows us to provide new business to any member wanting to run a CPD workshop.

We are relying on our members, particularly RYT 500's and above to host these CPD workshops, and we are slowly building a list however until these can be very easily accessible throughout the country, we can accept RYT 200 members to complete a workshop from anywhere.

Please print out and complete this form as confirmation that you completed a CPD workshop and post it the address provided below.
